

Alexander Electric SALES policy

1. Every AC/DC power supply and DC/DC converter manufactured by AEPS Group can be modified according to client's request. These modifications may be related to input and output voltage ranges, output power, operating temperature ranges and value of breakdown voltages.
 2. The datasheets describe the most universal products with maximum configuration and best performance for this type of module.
 3. Manufacturing of customized products (not less than a minimum quantity) according to the customer's specifications may be available; prices accordingly.
 4. Customers who provide annual requests and sign an agreement with in AEPS Group will have advantages upon ordering and delivering of goods.
